Providing for tomorrow's world
The Hongkong Bank Group
is developing more specialized services to meet
the demands of the future

The Hongkong Bank Group has developed considerable skills in data processing services to customers.

The development of sophisticated communication equipment throughout the world brings businessmen closer together. Tomorrow's world will demand increasingly widespread, sophisticated, and specialized banking services. Here are some of the ways The Hongkong Bank Group's fully trained staff can help you today to meet the changing needs of tomorrow.

Full international banking service

The Hongkong Bank Group now has more than 400 offices in 40 countries, of which over 200 offices are in Asia. The Group can therefore offer a full range of banking and financial services on an international scale and is constantly expanding its network to serve more businessmen throughout the world.

Merchant banking

Through Wardley Limited, our merchant banking subsidiary, The Hongkong Bank Group can provide financial advice on the financing of short and long term development plans, specific projects, mergers and acquisitions and more general schemes of expansion.

Finance and investment

With assets in excess of US\$13 billion, The Hongkong Bank Group is in a strong position to arrange many kinds of finance – short or long term international and local, foreign exchange, credit facilities and investment advice worldwide.

Travellers cheques

Hong Kong dollar travellers cheques are available at all branches of The Hongkong Bank Group and offices of Thomas Cook in addition to a large number of travel and sales agents all over the world.

The cheque is readily acceptable throughout Hong Kong and in most parts of South East Asia.

Bullion broking

Since the opening of the American Gold Market in 1975, Asia has provided a very valuable time link between the closing of the American and the opening of the European markets.

Sharps Pixley Wardley Limited deals in precious metals in Hong Kong and handles the physical sales of gold in the Asian area. The company is jointly owned by The Hongkong Bank Group and Sharps Pixley Limited, one of the five members of the London Gold Market.

Trustee services

The Hongkong Bank Group offers a wide range of confidential trustee services through The Hongkong and Shanghai Bank, Hong Kong (Trustee) Limited. This trust company is empowered to undertake such services as executor and/or trustee of a will, administrator of estates, attorney administrator for legal personal representatives abroad and custodian trustee for provident funds and unit trusts.

Data processing services

The Hongkong Bank Group has computers in all its major branches. These range in size from dual IBM 370/158s with 800 online terminals in Hong Kong to an ICL 2903 to service the 6 branches of the Mercantile Bank on the island of Mauritius in the Indian Ocean.

Unit trust management

The Hongkong Bank Group, through subsidiary companies offers professional investment management of unit trusts, particularly for those seeking to participate in the growth potential of many Asian countries. The main objective of the managers is capital appreciation together with growth in income over a period of time.

Master Charge

The Hongkong and Shanghai Banking Corporation issues its own credit card in Hong Kong to personal and corporate customers for regional and international travel and entertainment purposes.

To assure international acceptance at more than 2 million outlets including hotels, restaurants, airlines, shops, hospitals and car hire firms all over the world, The Bank issues its card under the Master Charge affiliation.

The Hongkong Bank Group

HEAD OFFICE: 1 Queen's Road Central, Hong Kong.

Offices in 40 countries of the world.
